

A warm welcome is extended from us to you as you begin to view our new site.

As you can see, the site has been redesigned so it is more organized and easier to navigate. Information is readily available on the Home Page rather than having to navigate through our site to find what you're looking for. Most importantly, the site is much easier to read. Another added feature is the ability to search our site contents. By using the search box at the top of the page you can search our site for anything you are looking for!

Due to the sites more advanced features each family member should register as a member on our site. Registering for our site is imperative if you'd like to get to the members only section as well as view our troop photo album. - This also allows added security to our personal pictures. You must activate your account after registering. An activation link will be sent to the e-mail you registered after completing the registration process. Be sure you check your e-mail after filling out the registration form. Once you have activated your account by clicking on the link, a site administrator will review your registration application and approve it. You will receive an approval email once this step has been completed.

All accounts from the former site have been removed. Please re-register to use our new website.

I hope everyone enjoys the new site as much as I do!

Thanks!

Rob Reese II
